PERSIAN MINISTER
TRIES NEW TRICK
ON MR. CAIRNS

Sends an Altered Copy of His Threat to the American with a Reprimand.

WORDING ENTIRELY
UNLIKE ORIGINAL

Denies Hinting at Punishment Except to Officials of His Own Government.

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

TEHRAN, Friday.—The Foreign Minister, who, with the Cabinet, is completely under Russian tutelage, has sent to Mr. Frank S. Cairns a letter containing a stern and uncompromising reprimand for having communicated with the British, Russian and American legations concerning the Cabinet's letter to Mons. Mornard, the Belgian Treasurer General, and absolutely denies that this letter contained any threat of punishment of the Americans. He also encloses an alleged copy and a translation, relying, apparently, on the fact that Mons. Mornard took away the original after reading it to Mr. Cairns and allowing Mr. Cairns' secretary to make a translation.

The new letter is, however, an obvious "fake" of subsequent date and with numerous verbal alterations. The sentence in dispute now runs: "Suitable punishment will be given to Persian officials."

The original letter was signed by four Cabinet Ministers, but the Foreign Minister did not succeed in inducing his colleagues to sign the "faked" document. Accordingly it is merely signed by an under secretary.

RUSSIANS NOW RULE
NORTHWEST PERSIA

URUMIAH, Friday.—The whole of the province of Azerbaijan, in the northwest of Persia, bordering on Turkish territory, is rapidly passing into the hands of Russian troops. Seven Russian military posts have been established along the road from this city to Khor, a distance of about one hundred and twenty miles.

ALL GOING WELL NOW,
MR. CAIRNS ASSERTS

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

WASHINGTON, D. C., Friday.—Mr. Frank S. Cairns, the American assistant of Mr. W. Morgan Shuster, to-day notified the State Department that matters were adjusting themselves satisfactorily in Persia.

This is interpreted to mean that Mr. Cairns has fallen in with the views of Mr. Russell, the American Minister at Tehran, with whom he disagreed over the question of compensation due him and his associates, and is willing to compromise with the Persian government or continue his present duties. It is assumed that he has relinquished his contention that he could resign and still receive full pay under his contract.

Ducal Palace Being Prepared for Princess Victoria Luise.

BERLIN, Friday.—Extensive repairs which are being made on the Grand Ducal Palace at Neustadt, the seat of the Grand Duke of Mecklenburg-Strelitz, give rise to the belief that the castle is to be the home of Grand Duke Adolph Frederick, eldest son of the reigning Grand Duke, and Princess Victoria Luise, daughter of the Kaiser.

Court officials in Berlin still refuse to answer questions concerning the reported engagement of the Grand Duke and the Princess.

KING DR. EGAN'S GUEST.

Danish Ruler Attends Dinner Given by American Minister.

COPENHAGEN, Friday.—Dr. Maurice F. Egan, the United States Minister, and Mrs. Egan gave a dinner to-night at the Legation to King Frederik and several court dignitaries. This is the first invitation accepted by the King this season, and is regarded as a return for the honor the United States paid to Denmark in sending the Atlantic fleet to Copenhagen last spring.

BATTLE IN A CHURCH.

Many Injured When Soldiers Drive Portuguese Factions from Edifice.

LISBON, Friday.—Many persons were injured to-day at Sao Batholomeu in a conflict with the militia. A priest attacked from the pulpit the separation law and announced that he would close the church. Republicans among his auditors protested, and a fight between them and the clerics ensued.

The military was called out and drove the warring factions from the church, but in doing so many persons were injured.

Loyal Population Is Stirred to
Fever Heat—Prince Ching
Called Traitor.ABDICATION NOW AN
ACCOMPLISHED FACT

Edict, Approved by Erstwhile Regent, Awaits Only the Seal of the Dowager Empress.

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

HERALD BUREAU, PEKIN, Friday.

With the abdication edict prepared and approved by Prince Chun, the erstwhile regent, and other leaders of the imperial clan, and awaiting only the affixing of the seal by the Dowager Empress, the situation here again is plunged in uncertainty. Several of the legations were confidentially notified this morning that the abdication might be pronounced a fait accompli, and they so notified their respective governments.

It was confidently expected that a formal decision would be reached at the palace council this afternoon. In a long and stormy session the younger Manchu princes, headed by Prince Kung, grandson of the great Prince Kung, long the empire's foremost statesman, bitterly opposed abdication and advocated a fight to the last.

The Mongol princes joined and declared that Mongolia never would accept a republic.

The Council was dissolved without a decision.

While this means delay, every indication seems to point to abdication as inevitable.

The factional differences in the imperial clan have stirred the Manchu population to fever heat. The soldiers of the Imperial Guards are flooding the Tartar city with handbills denouncing Prince Ching as a traitor.

The situation is like a volcanic crater. Anti-foreign placards have been posted in the South City and the Wai Wu Pu has advised foreigners residing outside to move into the legation quarter.

AMERICAN TROOPS
ARE NOW ON GUARD

PEKIN, Friday.—The Fifteenth regiment of United States infantry, which is to act as a guard for the protection of a section of the railroad from Peking to the coast, arrived at Chin Wang-tao to-day on board the transport Logan.

Captain J. H. Reeves, military attaché of the United States Legation, was on the quay waiting to greet the troops as they disembarked.

A detachment was sent immediately to take up a position on the railroad line. The force consists of 870 men, with a hospital corps detachment, a machine gun platoon and a field service wagon train.

Major James M. Arrasmith is in command of the expedition.

TRAINS ARE ORDERED
FOR FLEEING PRINCES

LONDON, Friday.—In an imperial edict issued to-day the authorities of the Peking Railroad are ordered to send all available rolling stock to Peking, and an exodus of the Princes is expected soon, according to a news agency despatch from Tien-Tsin.

Three trains are now waiting in the vicinity of Peking.

REPUBLIC ASKS
FOR RECOGNITION

NANKING, Friday.—The republican government to-day sent an appeal to the Powers for recognition in the form of a circular signed by Wang Chun-wel, the Foreign Minister of the Republican Cabinet.

The circular says:—

"The Manchu government having entered into negotiation with the Republic of China for the purpose of abdicating its entire sovereign rights, powers and privileges we fervently pray for recognition in order to avoid a disastrous interregnum."

It appears certain that fighting between the revolutionists and the imperialists will be resumed on the morning of January 28 unless Yuan Shih-kai concedes the demands of the Republican government.

These demands are contained in an ultimatum telegraphed to-day to the Premier, and are substantially as follows:—

1—Abdication and the surrender of the sovereign power.

2—No Manchu to participate in the provisional government of China.

3—The capital of the provisional government must not be established at Peking.

4—Yuan Shih-kai must not participate in the provisional government of China until the republic has been recognized by the foreign Powers and the country has been restored to peace and harmony.

The sending of the ultimatum was due to Yuan's demand that Dr. Sun Yat-sen resign the Presidency and permit Yuan to exercise sovereign powers pending a settlement by the proposed national convention.

Dr. Sun Yat-sen said to-day:—

"We are confident of the righteousness of our cause and of the superiority of our military strength. If Yuan persists in obstructing, our armies will be ordered to march northward."

viewed here as an ominous sign for peace and an indication of renewed fighting. The situation describes the situation at Peking as one of "tense but suppressed excitement." An edict has been issued, warning the populace against attacks on foreigners. The streets are heavily patrolled by Yuan Shih-kai's select troops and Chinese officials are sending their families to places of safety.

That foreign governments are playing a part in the diplomatic game centering about the present crisis is indicated in the attitude of both Chinese factions. It is impossible, however, to tell how the cards are being played.

It became known to-day that Great Britain was back of the protest against the lack of American troops in China to share in the patrol of the railway from Peking to the sea. The British Legation at Peking protested to Mr. Calhoun because the United States hesitated about sending troops fearing that the presence of a military force might add fuel to the fire in China and stir up anti-foreign feeling.

Chinese-American GIRL REBEL LEADER

PORTLAND, Ore., Friday.—Miss Leona Mary Jewell, daughter of Joe Sue, one of the wealthiest of Portland's Chinese merchants, will soon receive a commission in the Chinese revolutionary army and will command a company of soldiers in the field. This news was received yesterday in a letter from the girl, who is only nineteen years old, to her parents, and also through a Hong Kong newspaper, which contained an item saying that Sue Yi Yat (Miss Jewell's Chinese name) had entered a military training school and would soon receive a commission.

Miss Jewell was born in this city and educated in the public schools and at Portland Academy.

REBEL PLEA "TABLED"
AT WASHINGTON

HERALD BUREAU, WASHINGTON, D. C., Friday.

Wang Chung-wel's circular appeal to the Powers for recognition of the republican government in China was communicated to the State Department to-day by Mr. William J. Calhoun, the American Minister at Peking. It was "tabled" for the present, at least. The State Department is not now prepared to recognize the Chinese republic.

Another French Vessel Is Seized

Italian Destroyers Arrest the Manouba, Carrying Mail and Turkish Nurses.

TUNIS, Friday.—Italian destroyers to-day seized the French steamship Manouba, bound to Tunis from Marseilles. The Manouba is a mail ship belonging to the French line. She was carrying ninety-nine passengers, including twenty-seven Turkish nurses belonging to the Company of the Red Crescent, which has the same object as the Red Cross Society. The Italians said they believed these men were Turkish officers in disguise.

The steamship company declares that the Manouba was not carrying contraband of any kind. The vessel was taken to Cagliari, in Sardinia.

Italian destroyers also stopped and searched the German steamship Schlewig, of the North German Lloyd line, which left Marseilles on Wednesday and reached here yesterday.

detachments of all arms, left Tripoli early in the morning on the way to Ghirghish, a small oasis situated ten miles along the coast to the west of the town and surrounded by a high wall. The ship had hitherto given shelter to Arab irregulars. Suddenly as the soldiers were marching along the road which runs parallel to the coast they were attacked. The Italians immediately took up positions and threw their machine guns. The Turks and Arabs continued the attacks throughout the day, but finally retired.

The Italian force included three battalions of line infantry, a battalion of grenadiers, two batteries of artillery and two squadrons of cavalry.

Details of the losses in the fight have not been reported.

As punishment to the inhabitants of Zouara, who fired on Italian vessels and whose ships to-day bombarded that locality, destroying the barracks, the residence of the Administrator, and sweeping the Turkish trenches.

TURKS IN BATTLE
WITH BULGARIANS

CONSTANTINOPLE, Friday.—Turkish troops have had a sharp fight with a Bulgarian band near Kratovo, a town of 6,000 inhabitants, in the vilayet of Kosovo, a short distance east of Uskup. Five of the Bulgarians, including their leader, were killed, while the Turks lost one man. It is said that bombs and important documents were found on the dead Bulgarians.

The commission sent by the Ottoman government to investigate the conditions in Macedonia after the recent dynamite outrages has reported that the greatest dejection is manifested by the people. They have, according to the report, prepared a secret petition to the foreign Powers asking for intervention.

Assassinations are multiplying day by day and dynamite outrages everywhere are on the increase. Even officers of the Turkish army are unable to hide their gloom.

Everywhere the people speak of a general rising, which, if it does not occur immediately, will take place in the spring.

General pessimism reigns here in regard to the future. Opinion is divided on the question of Said Pasha, the Grand Vizier, remaining in office, but the Committee of Union and Progress will endeavor to strengthen the Cabinet by including Talaat Bey as Minister of the Interior, a post he held formerly, and Djavid Bey as Minister of Public Works.

GERMAN SECRETARY
ON PEACE MISSION

ROME, Friday.—Although it is officially announced that the object of the visit of Herr von Kiderlen-Waechter, the German Foreign Secretary, is to meet the Foreign Minister, Signor San Giuliano, the real reason for his coming is to discuss possible conditions of peace between Italy and Turkey and the amount Italy is ready to pay as indemnity to Turkey for the loss of Tripoli.

During the visit of the Foreign Secretary the basis for a renewal of the triple alliance between Germany, Austria-Hungary and Italy will be discussed.

Austria has made inquiries of the Italian government which are interpreted in certain quarters as evidence of an intention to revive the question of Papal independence.

ITALIAN GOVERNMENT
RELEASES THE CARTHAGE

ROME, Friday.—The Italian government to-night telegraphed the authorities at Cagliari to immediately release the steamship Carthage, which recently was seized by the Italians. It is said that the steamship Carthage, a French line vessel, which was captured by Italian destroyers, also will be released after several Turks who are on board her are landed.

PARIS STAGE HANDS
JOIN BALLET IN STRIKE

PARIS, Friday.—The stage hands at the opera made common cause with the members of the ballet who went on a strike on Monday night, and refused to work to-night as the curtain was about to go up on the first act of "Monna Vanna."

At first the director announced that there would be no performance, but after a stormy meeting on the stage a compromise with the stage hands was reached and the performance began at half-past nine o'clock.

MUTUAL LIFE APPEAL
FROM FRENCH RULING

Referring to the recent decision of the Paris Tribunal of the Seine, affecting French policyholders of the Mutual Life Insurance Company of New York, it was stated yesterday at the offices of the company that the legal question involved is now before the Court of Cassation in an appeal to that court in another case where the facts are similar.

This litigation, it was asserted, affects only those policies issued by the company between the enactment of the French law of March 17, 1905, and the date upon which the Mutual Life Insurance Company of New York ceased to issue new policies in France, a period of a few months.

Railway Traffic and Telegraphic Communication Gradually Being Restored.

COASTS WRECK STREWN
Scores of Vessels, Large and Small,
Destroyed in Storm, with
Heavy Loss of Life

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

HERALD BUREAU, LONDON, Friday.

The heavy rains in the south and midlands have washed away the snowdrifts and railway traffic is nearly normal. Telegraphic and telephonic communications with Paris and the Continent were resumed late to-night.

Many reports of disasters at sea continue to come in. Five more bodies of the crew of the steamship Wistow Hall came ashore at North Haven, on the Aberdeenshire coast, to-day. It seems practically certain that the crew of fourteen of the steamship Frederick Snowden perished when that vessel capsized near Cruden Bay late on Wednesday night. One of the men drowned was Henry Mitchell, a life guard, who was the hero of more than one hundred rescues of persons from drowning. On one occasion he saved six persons in fifteen minutes.

Three travelers were wrecked on the sands of Aberdeen. Their crews were saved by the lifeboat. The trawler Kudoo, of Aberdeen, brought into port the crew of ten of the Norwegian bark Zeus, which was abandoned on Bressay Shoal, in the Shetland Islands.

The steamship Vera, of the Cunard line, arrived at Swansea this morning from Liverpool with damaged bows caused by a collision off Bishop's with an unidentified schooner, which sank immediately. The schooner's crew were drowned. It is feared that the Fleetwood trawler Marion was wrecked off Maughold Head, Isle of Man. A boat bearing her name was washed ashore, and it is believed that her crew of fourteen perished.

At Hawarden Park to-day the beautiful fir tree planted by King Edward when he was Prince of Wales was uprooted by the weight of the snow.

Enormous damage is being caused by floods in various districts. Reports of disasters to trawlers and other small craft are coming in hourly.

CABLE SERVICE RESTORED.

The Commercial Cable Company announces that there is no further delay on messages for the North of England and Scotland, but that there probably is still some delay to Ireland.

SCRANTON PREACHER
STRANDED IN IRELAND

QUEENSTOWN, Friday.—The Rev. H. T. Purkiss, of Scranton, Pa., is stranded here, having been obliged to land from the steamship Philadelphia on account of the loss of his ticket.

When the vessel was a few hours out from Southampton Mr. Purkiss reported the disappearance of his valise, containing his ticket and some money. The valise was found later in the stowage, but there was no ticket or money in it.

MONEY PASTOR LOST
GIFT OF HIS FLOCK

[SPECIAL DESPATCH TO THE HERALD.]

SCRANTON, Pa., Friday.—The Rev. H. T. Purkiss is pastor of a small church in Lakeville, Wayne county, near here. As a reward and appreciation of his services his congregation raised a fund and presented it to him, previous to the holidays for the purpose of sending him abroad on a pleasure trip.

GLASH IS ENDED
Workmen Agree to a Year's Truce and
Mills Will Be Reopened on
Monday Next.

MANCHESTER, Friday.—The dispute in the cotton trade, which culminated in a lock-out affecting about 300,000 men on December 27, has been settled. The question at issue between employers and workers was the employment of non-unionist labor. All the mills will be reopened on Monday next.

The operatives, by a two to one vote, agreed to accept a truce for a year. This is regarded as a victory for the employers. The rank and file of the operatives are satisfied with the settlement, but the union leaders are displeased with it, as their difficulties in persuading non-unionists to join the unions have increased.

MINERS TO CALL FOR
NATIONAL STRIKE

BIRMINGHAM, Friday.—The conference of delegates of the Miners' Federation has decided to give notice forthwith of a national stoppage of work at the collieries in Great Britain. The end of February, however, is the first date at which the notices can become effective.

The delegates decided to accompany the notice that the men were going to quit work with an intimation to the employers that the men are ready to continue negotiations for a settlement. The conference was adjourned until February 1.

As both sides appear to be heartily desirous of finding a way out of the deadlock there is a general feeling that a national strike, which would affect about 300,000 men will be averted.

COMMENT IN LONDON
ON DUKE'S VISIT

LONDON, Friday.—The fact that the Duke and Duchess of Connaught, with their daughter, the Princess Patricia, are not to visit Washington while they are in the United States is causing some comment here, although it is believed there must be some good explanation for their decision.

It is usual when royal personages are on a visit to a foreign country, even if semi-officially, for them to pay their respects to the head of the nation.

The visit to Mr. and Mrs. Whitelaw Reid was arranged before the Duke and Duchess of Connaught went to Canada and follows the farewell dinner given to them at Dorchester House.

NORWAY ADOPTS SUFFRAGE.

CHRISTIANIA, Friday.—A law admitting women to all public offices on the same conditions as men, was voted at last night's sitting of the Storting. Exceptions, however, are made in regard to members of the Cabinet and ecclesiastical, military, diplomatic and consular officials.
